PLEASE KEEP THIS INFO PAGE SO YOU MAY REFER TO IT FOR DATES AND TIMES OF PICK-UP

FOR YOUR CSA SHARE. THERE IS ALSO MORE INFO ON THE BACK SIDE OF THIS PAGE. WE ONLY NEED THE SIGN-UP PAGE RETURNED. THANK YOU!

Pick-Up Location: @Country Bumpkin Farm Market - Weekly: Every Wednesday.

Starts the 4th Wednesday of May, (May 22nd) through to and including the 2nd Wednesday of October (October 9th). That's a total of 21 weeks.

Pick-up time is anytime after 12:00 Noon till 6:00 p.m. (so we may have the morning to pick everything fresh!) (Thank you !!)

And since we do have our walk-in cooler, if your schedule makes it not possible to pick-up on Wednesday, we will store your box in the cooler so that it is still good for you to pick up on Thursday, but please let us know so we may store it as quickly as possible to retain optimum freshness.

Please return the completed one-page Sign-Up Form with your payment to:

Country Bumpkin Farm Market Cindy & Charlie Rhinehart E9745 County Road P

Wisconsin Dells, WI 53965

Questions: Call 608/254-2311 or 608/432-2100

When we receive your form and payment, we will confirm your membership by email. Thank you for becoming a member!

The evening prior to CSA starting, I will send everyone an e-mail confirming that the next day is the 1st week of CSA!! It is best to call or text me on my cell phone with any questions. Again, that number is 608/432-2100.

COUNTRY BUMPKIN FARM MARKET CSA

What will my family receive? All the same goodies that you already know about from visiting our farm market over our many past years! When a vegetable or fruit or berry becomes ripe and available, you will see it in your shares! Some of our early and late weeks in the season when our choices of fresh produce are less, we may also add our own honey, popcorn kernels, and other food items that we have available at our farm market. We have occasionally added farm fresh brown eggs, cheese, pickles, or organic wheat pancake mix, all locally raised or made with local ingredients. Berries is the favorite item that all our share members want the most of (!!)

What is the frequency? Each share is for a 21-week period. The first pick-up will be on the fourth Wednesday of May, and will continue through the second Wednesday of October, anytime from 12-noon to 6:00 p.m. I will *try* to send an e-mail reminder to you the day before, every week; but otherwise, you will be responsible for remembering to pick up your share.

How do I join? Included is the one-page CSA Sign-Up Form for you to fill out and return to us with payment. If possible, we would appreciate receiving your sign-up form along with payment, by May 1st; however, we have taken applications up to the minute of the start date and even prorated later applications brought in! Our planting season began in our

greenhouses on the 1st of March, so for us, summer has arrived!

Mission Statement. Our goal has always been to offer our customers the finest fresh fruits and vegetables. Our production methods include both sustainable and organic farming practices. We want to provide the freshest produce loaded with the nutrients and essentials of life. This, along with your visit to our farm, will allow you to connect with us and feel the satisfaction that we do, that comes with being in touch with nature and the bounty that our farm brings to your table.

Our Wish: We want you to have the ultimate of the freshest produce possible, so we pick everything fresh that morning of your pick-up date, same as we do here for our farm market store every morning. Fresh is our main goal. Diversity is important too, and maintaining a healthy sustainable environment to benefit the foods, the land, and you.

What choices will we see in our shares? We grow everything from asparagus and strawberries in the early months, to blueberries, raspberries, lettuce, kohlrabi, broccoli, cauliflower, cabbage, kale, cantaloupe, watermelons, sweet corn, cucumbers, tomatoes, zucchini, peas, beets, eggplant, green beans, sweet onions, peppers, pickles, herbs such as sweet basil, parsley and dill, and the later crops of apples, winter squash, brussel sprouts, pie pumpkins, yummy popcorn, and . . . Well, you get the picture. For more detailed information as to when these items ripen, go to our website at:

www.countrybumpkinfarm.com and like us on Facebook (!!)

We thank you for your patronage. Charlie & Cindy Rhinehart
